Frameworks & Tools: Expo (React Native), Git, GitHub, Vercel (web deployment)
Development Areas: Web Development, Android/Mobile App Development, System Development
IT Support: Computer System Servicing, Troubleshooting, Device Setup, RFID Installation Support
Office & Productivity: Microsoft Word, Excel, Google Docs, Sheets, Drive, Email, File Management, Internet Research, Presentation Tools

PROJECTS

Portfolio Website — *Web Project – Live on Vercel*
- Designed, built, and deployed a personal portfolio website using JavaScript to showcase projects and skills.
- Applied front-end layout and user-experience practices for a clean, easy-to-navigate interface.

E-Commerce Web App — *Web Project – React*
- Developed an e-commerce web application with React, building reusable components and product-browsing pages.

Hotel Reservation App — *Full-Stack Mobile & Web Project*
- Built a full-stack hotel reservation app for mobile and web with Supabase as the backend, with the web version deployed on Vercel.

3D Customization App — *Mobile / Web Project*
- Built an interactive application that lets users customize a 3D item and preview changes in real time.

Pedometer Android App — *Mobile Project*
- Developed an Android step-counting app using Expo, applying mobile app development fundamentals.

Freelance Website — *Personal Project*
- Built a personal website to present my services and accommodate freelance web development work.

Restaurant Website — *Web Project*
- Built a restaurant website presenting the menu and key information for customers.

WORK EXPERIENCE

Work Immersion Student — 200 Hours
Bicutan Parochial School — *Taguig City, Metro Manila*
- Assisted in the installation of an RFID system for the school.
- Applied computer system servicing skills, including hardware and software setup, in a live school environment.
- Gained hands-on experience in troubleshooting and device configuration.

CERTIFICATIONS

TESDA National Certificate II – Computer System Servicing (CSS) — Valid 2023 – 2028 | ID: 23131202003676
- Passed the national competency assessment in computer hardware installation, configuration, and servicing.
